

**DANGER**  
**KEEP OUT OF REACH OF CHILDREN**

**PRECAUTIONARY STATEMENTS**

Sodium Carbonate Peroxyhydrate is a severe eye irritant. Wear eye protection when handling. Do not get on skin, eyes or clothing. In case of contact immediately flush skin or eyes with large amounts of water for at least 15 minutes. Harmful if swallowed. If swallowed give large amounts of water to dilute stomach contents. Never give anything by mouth to an unconscious person. For eyes or if swallowed call a physician immediately. If inhaled, remove to fresh air.

**STORAGE AND DISPOSAL:** Store in original container only. Keep tightly closed and in a secure place away from children. Keep away from heat and heat sources. Keep away from organic, acids, reducing agents, and metallic contamination.

**FOR SPILLS:** Do not return spilled material to original container. Spilled product should be flooded with large amounts of water and washed to drain. Do not reuse empty container. Discard into trash container for collection.

**NOTICE:** Buyer assumes all risk of use of this product (material) when such is contrary to instructions.

*For Crystal Clear Sparkling Water*

# ATTACK

**SUPER STRONG SHOCK OXIDIZER  
WITH OXY-CRYSTALS®**

(A Non-Chlorine Oxidizer)

**Contains 13% Minimum Active Oxygen  
TREATS 25,000 GALLONS OF WATER  
ODORLESS • FAST ACTING • NON-FOAMING**

DESTROYS ORGANIC CONTAMINATION  
REDUCES CHLORAMINE ODORS  
TREAT AND SWIM IN ONLY 10 MINUTES

Active Ingredient:  
Sodium Carbonate Peroxyhydrate.....85.9%  
Other Ingredients:.....14.1%  
Total: .....100.0%

**DANGER**  
**KEEP OUT OF REACH OF CHILDREN**  
See Precautionary Statements On Left Side Panel

CONTENTS: 1 LB. (16 OZ.) (454 g)

**ATTACK SUPER STRONG SHOCK OXIDIZER** contains Sodium Carbonate Peroxyhydrate, Active Oxygen content 13% minimum. Destroys Organic Contamination and reduces Chloramine Odors. **ATTACK SUPER STRONG SHOCK OXIDIZER** is intended only for shock treatment of pools, spas, hot tubs, fountains and ornamental ponds. It is not a sanitizer and does not replace the need for regular application of appropriate sanitizers such as Chlorine or Bromine.

**DIRECTIONS:** One pound treats 25,000 gallons of water. **Swimming pools:** Use 6.4 ounces per 10,000 gallons of water. **Spas, Hot Tubs & Fountains:** Use 1 oz. per 500 gallons of water.

**APPLICATION:** Apply with filter and pump system circulating water. Distribute the required dosage over the surface of water with the prevailing wind at your back. Try to avoid application during unusually high winds. Do not add **ATTACK SUPER STRONG SHOCK OXIDIZER** when people are swimming or using pool, spa or hot tub. **ATTACK SUPER STRONG SHOCK OXIDIZER** dissolves in approximately 2 minutes allowing pool, spa or hot tub to be used 10 minutes after treatment. Use as often as needed.
