

BIO-DEX

Sunshine Sparkle Brite Pool and Spa Water Clarifier

Eliminates cloudy water in pools, spas, hot tubs and fountains. One quart treats 80,000 gallons. Maintenance Dose: 3 oz. per 20,000 gallons weekly.

Sunshine Sparkle Brite is a very effective and economical way to improve filtration, improve water quality, maintain clarity and sparkle in pools, spas, and hot tub water. It is effective at all pH values, is unaffected by chlorine, and may be used with Sand, Diatomite, and Cartridge filter systems.

Eliminates Cloudy Water in Pools, Spas,
Hot Tubs and Fountains

KEEP OUT OF REACH OF CHILDREN

SUNSHINE SPARKLE BRITE

Sunshine Sparkle Brite is effective at all pH values, is unaffected by chlorine and may be used with Sand, Diatomite, and Cartridge filter systems.

Sunshine Sparkle Brite is a very effective and economical way to improve filtration clarity and sparkle to Pools, Spas, and Hot Tub water.

Sunshine Sparkle Brite will not clog filters and won't leave a mess at the bottom of the pool that will need vacuuming up later.

CAUTION

Keep out of reach of children. Do not take internally. Sunshine Sparkle Brite is not a hazardous product, is non-flammable and safe to use as frequently as needed.

1 qt. treats up to 80,000 gallons of water depending on water quality. 8 oz. treats 20,000 gallons of water.

1. While filter system is operating, slowly pour 8 oz. Sunshine Sparkle Brite through skimmer. If necessary, repeat treatment in 24 hours.

2. To maintain sparkling clear water, add 3 oz. each week per above directions.

Spas, Hot Tubs Initial Treatment

1. Turn on system to generate water turbulence. Now add 2 oz. Sunshine Sparkle Brite to water- allow to mix thoroughly for about 3 minutes. Water should clear quickly. If necessary repeat treatment in 24 hours.

2. Add Sunshine Sparkle Brite weekly to maintain the clarity of water.
